Profile

Dedicated computer science fresh graduate seeking an internship in a field related to computer science particularly in relating to software development. A team player with excellent written and verbal communication abilities who enjoys programming and is open to learn new skills. My working style includes adapting to different work environments. And during my year as a freelancer at TOPTAL I have worked as full stack developer for multiple clients and recently i worked for a stater company in Nigeria.

Professional Experience

Senior Analyst, HCL Technologies

01/2022 – 03/2022 | Lodz, Poland

Here i was responsible for reviewing assigned business process's from end-to-end to identify and address operational, financial and technological risks. Identify opportunities to improve efficiency.

Full Stack Developer, TOPTAL

01/2021 – 11/2021 | Lodz, Poland

Here I was able to boost my knowledge in my career path, by learning to

- Develop, test and implement new software programs
- Clearly and regularly communicate with management and technical support colleagues
- Design and update software database. This includes, but is not limited to: Software Applications, Web Sites, Data Communication Processes and User Interfaces
- Test, maintain and recommend software improvements to ensure strong functionality and optimization
- Independently install, customize and integrate commercial software packages
- Facilitate root cause analysis of system issues
- Work with experienced team members to conduct root cause analysis of issues, review new and existing code and/or perform unit testing
- Identify ideas to improve system performance and impact availability
- Resolve complex technical design issues
- Development of technical specifications and plans

Education

Bachelor's degree, Software engineering, Akademia Humanistyczno-Ekonomiczna w Łodzi

10/2019 – 03/2022 | Lodz, Poland

Skills

Html / Css, Javascript, XML, JQuery, python, java, nodeJs, ReactJs, MongoDB, MySQL, Apache
